

# Curriculum Vitae

*Munir Paul Hoffmann*

## **Contact:**

Munir Hoffmann Research Area 3 “Landscape Research Synthesis” Leibniz Centre for Agricultural Landscape Research (ZALF) Eberswalder Straße 84 15374 Müncheberg - Germany

Phone: +49 (0)33432 82-350 Fax: +49 (0)33432 82-4082

Email: munir.hoffmann@zalf.de

## **Education:**

PhD in Agricultural Sciences 02/2012-02/2015

Georg-August-University Göttingen (Grade: very good)

Title of thesis: *Understanding potential yield in the context of the climate and resource constraint to sustainably intensify cropping systems in tropical and temperate regions*

Master of Science in International Agriculture 10/2008-06/2011

Georg-August-University Göttingen (Grade: very good)

Title of thesis: *Soil quality as affected by different management of vegetable in the highland zone around Bandung (Indonesia)*

Magister Artium in Social Anthropology/Agriculture 10/2004-04/2010

Georg-August-University Göttingen (Grade: very good with distinction)

Title of thesis (written in German): *“Kopffäger im Garten Eden” - Eine politische Ökologie der Entwaldung Kalimantanans (Indonesien) von der Kolonialzeit bis zu dem Ende des New Order Regimes*

## **Career:**

### **Present employment:**

Tenure-Track position to a permanent senior scientist position since 01/2019 Research Area 3 “Landscape Research Synthesis” Leibniz Centre for Agricultural Landscape Research (ZALF)

### **Previous employment:**

Civil service: County of Helmstedt Environmental Service 12/2003 - 09/2004

Teaching assistant at Institute of Social Anthropology; Göttingen 11/2010 - 01/2012

50% position at the Division of Crop Production Systems in the Tropics 02/2012 - 04/2016  
Georg-August-University Göttingen

50% position in the BMBF-Project Limpopo Living Landscapes 09/2014 - 04/2016  
Georg-August-University Göttingen

Contract based consulting for oil palm and cocoa projects in Southeast Asia 03/2015 - 12/2016  
International Plant Nutrition Institute

Postdoc position (for Habilitation) 04/2016 - 12/2019 Tropical Plant Production and Agricultural Systems  
Modelling - Georg-August-University Göttingen

### **Awards/Grants/Appointments:**

Research scholarship by DAAD for master thesis carried out in Indonesia	2010
Scholarship from the Ministry of Education (State of Lower Saxony) for high achievements (based on marks) in the Master program “International and Tropical Agriculture”	2010
Award for degree in Agricultural Sciences (one of the best five master students of the Faculty of Agriculture/Göttingen)	2011
Travel scholarship vom International Plant Nutrition Institute	2012
Travel scholarship by DAAD for research stay at CSIRO Ecosystem Sciences (Toowoomba and Adelaide, Australia)	2013
Appointment as Research Associate at the University of Limpopo, South Africa	2016
Appointment as Research Associate at the University of Venda, South Africa	2017

### **Study/research stays abroad:**

Exchange Semester at the National University of Singapore - Field of study: Geography and Rural Studies	2007
Placement at the Soil Science Institute of the University Padjadjaran in Bandung (Indonesia) - Conduct field research for master thesis	2010
Placement at the International Plant Nutrition Institute, Penang (Malaysia) - Research topic: Oil palm agronomy	2012
Placement at CSIRO Ecosystem Sciences, Toowoomba and Adelaide (Australia) - Research topic: Agro-ecosystem modelling	2013

### **Reviewed for:**

- Field Crops Research
- Agricultural Systems
- European Journal of Agronomy
- Agricultural and Forest Meteorology
- Science of the Total Environment
- Experimental Agriculture
- Science Advances
- Food Security
- Crop and Pasture Science
- Nature Communications
- Agronomy Journal
