

# Dr. rer. nat. Hubert Jochheim

## Professional experience

Since 2018	Scientist at the Research Platform Models & Simulation Leibniz Centre for Agricultural Landscape Research e. V. Müncheberg Working Group: Ecosystem Modelling
1996 - 2017	Scientist at the Institute of Landscape Systems Analysis in the Centre of Agricultural Landscape Research in Muencheberg
1993 - 1995	Scientist at the Institute of Forest Ecology (Eberswalde) in the Centre of Agricultural Landscape Research in Muencheberg
1983 - 1992	Scientist at the Department of Biology/Chemistry of the University Kassel, Working group for Plant, Vegetation, and Landscape Ecology

## Education

1985	PhD in Natural Sciences Thesis title (translated): The influence of stemflow water on chemical soil conditions and ground vegetation in mature beech forest stand of different forest communities (original title: Der Einfluß des Stammablaufwassers auf den chemischen Bodenzustand und die Vegetationsdecke in Altbuchenbeständen verschiedener Waldgesellschaften)
1980	First degree as a teacher in Biology and Chemistry, University Kassel
1974	Final secondary-school examinations

## Service to the scientific community

- Member of the American Geophysical Union (AGU) (since 2007)
- Delegate of Germany in COST Action E21: Contribution of forests and forestry to the mitigation of greenhouse effects (2001 - 2004)
- Member of the Level II Ad hoc working group "water budget" of the Federation-Land working group Forest intensive monitoring (1998 - 2003)
- Member of the Editorial Board of "Journal of Plant Nutrition and Soil Science" (1995 - 2001)
- Member of the German Soil Science Society (DBG)
- Member of the Ecological Society of Germany, Austria and Switzerland (GfÖ)
- Member of the Vereinigung für Angewandte Botanik (1995 - 2003)
- European Society for Soil Conservation (ESSC) (1994 - 2003)
