

# Curriculum Vitae

Dr. rer. nat. Doreen Werner

## Professional experience

- |             |                                                                                                                                                                                                                                      |
|-------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| since 2011  | Scientific researcher<br>at the Leibniz-Centre for Agricultural Landscape Research (ZALF) e.V. Müncheberg                                                                                                                            |
| 2008 – 2010 | Scientific researcher<br>at the (Senckenberg) Deutsches Entomologisches Institut (German Entomological Institute)                                                                                                                    |
| 2007 – 2008 | Scientific researcher<br>at the University of Oldenburg; Working place: Deutsches Entomologisches Institut (German Entomological Institute), Leibniz-Centre for Agricultural Landscape Research (ZALF) e.V. Müncheberg               |
| 2003 – 2006 | Scientific assistant<br>in the Department of Biology, Humboldt-University of Berlin, scientific research on natural predation in blackflies                                                                                          |
| 02/2004     | Collaborator<br>in a UK project investigating the mass occurrence and control of the pest species <i>Simulium posticatum</i> Mg. in Oxfordshire, England                                                                             |
| 06/2005     | Collaborator<br>in an EU project investigating the activities and control of pest species of Simuliidae in Armenia                                                                                                                   |
| 2002 – 2003 | Grant<br>from the Berlin Programme for Equal Opportunities in Research and Education, framework dealing with the improvement of opportunities for women, to investigate bioacoustic and predation topics in the Simuliidae (Diptera) |
| 1999 – 2002 | Post-doctoral grant<br>from the University Special Programm III to investigate bioacoustic problems in the Simuliidae (Diptera)                                                                                                      |
| 1997 – 1998 | Collaborative project "Cytotaxonomy of the Simuliidae" with the University of South Carolina, Clemson, USA, on the subgenera and species-complexes in the genus <i>Simulium</i> in Europe                                            |

- 1996 – 1997                      Post-doc  
in the Department of Biology, Humboldt-Universität zu Berlin  
Post-doctoral grant  
from the "Leopoldina" for the research project "Bioacoustic and ultrastructural analysis of sound-production in the Simuliidae", carried out at the Natural History Museum, London, and the University of South Carolina, Clemson, USA
- 1995 – 1996                      Grant  
from the "University Special Programm" (HEP) of the Humboldt-Universität zu Berlin, Museum für Naturkunde
- 1992 – 1995                      Junior researcher  
in the Department of Biology, Humboldt-Universität zu Berlin
- 1994                                  Solarship  
to take part in a two-month course at the London Natural History Museum, "International Course on the Identification of Insects and other Arthropods of Medical and Veterinary Importance"

## Education

- 1992 – 1996                      PhD, Humboldt-Universität zu Berlin  
Dissertation: "The dipteran fauna of various landfills and composting plants in the surroundings of Berlin with special reference to their bionomics and ecology"
- 1987 – 1992                      First degree, Humboldt-Universität zu Berlin  
Diploma thesis: "Studies on the distribution and ecology of black flies (Simuliidae, Diptera) in the federal state of Brandenburg"
- 1978 – 1997                      Secondary school / Abitur

## Memberships in academic and professional societies

- Deutsche Gesellschaft für allgemeine und angewandte Entomologie (**DGaaE**)
- Deutsche Gesellschaft für Medizinische Entomologie und Acarologie (**DGMEA**)
- Arbeitskreis Deutscher Dipterologen (**AK Diptera**)
- British Simuliid Group (**BSG**)
- Naturschutzbund Deutschlands (**NABU**)
- Deutscher Hochschulverband
- Mentoringprogramm zur Professionalisierung für Frauen in Forschung und Lehre: Mentoring – Training – Networking der Berliner Universitäten
- Netzwerk für Naturwissenschaftlerinnen der Berliner Universitäten

### **Academic Board Activities**

- Deutsche Gesellschaft für Medizinische Entomologie und Acarologie (**DGMEA**) – Steering committee member
- Verbund Forschungsnetzwerk Simuliidae – Coordinator Europe
- Naturschutzbund - Bundesfachausschuss Entomologie – Steering committee member
- Netzwerk für Naturwissenschaftlerinnen der Berliner Universitäten (FU, HU, TU)

### **Activities as a Reviewer for Organizations and Journals**

- Beiträge zur Entomologie, Müncheberg, Deutschland
- Deutsche Entomologische Zeitschrift, Berlin, Deutschland
- Ecological Entomology, London, UK
- International Journal of Tropical Insect Science, Nairobi, Kenia
- Nova Supplementa Entomologica, Müncheberg, Deutschland
- Parasite, Paris, Frankreich
- Studia dipterologica, Müncheberg, Deutschland

### **Awards**

Deutsche Akademie der Naturforscher Leopoldina (Förderpreis 1996)
