

Dr. Sylvia Koszinski

Geologist

### Professional experience

- |                |  |
|----------------|--|
| 2018 - present | Working Group Landscape Pedology<br>Scientific staff RA1 “Landscape Functioning”<br>Leibniz Centre for Agricultural Landscape Research (ZALF),<br>Müncheberg |
| 1992-2017      | Scientist in the Institute of Soil Landscape Research at Leibniz<br>Centre for Agricultural Landscape Research (ZALF), Müncheberg                            |
| 1984-1991      | Scientific staff at the Research Center for Soil Fertility of the<br>Academy of Agricultural Science (AdL of GDR), Müncheberg,<br>department of soil physics |

### Education

- |      |   |
|------|---|
| 1992 | Title of PhD Thesis: Heterogeneity of soil structure of a moraine field<br>soil and its effects on soil physical properties and root growth |
| 1990 | Doctor of Science, Academy of Agricultural Sciences of the GDR  |
| 1984 | Diploma, Geology, University of Greifswald  |

### Service to the scientific community

- Member of the German Soil Science Society DBG, since 1992
- Member of the European Geophysical Society, since 1996 (now the European Geosciences Union EGU)
- Member of Soil Science Society of America, since 2015
